

# PRODUCT CHECKLIST & DIY GUIDE

- A** Panels
- B** Panel Brackets
- C** Gate
- D** Gate Kit Option
- E** Posts

illustration only

## 1 Site Plan & Ordering

- Decide on fence position and measurements of panels & posts by creating a mud map of your site.
- Following the above Materials Checklist, calculate how many of each component you may require
- Contact any one of our stores to complete your order. Most items are available in stock

## 2 String Line & Post Holes

- Set Stringline along the desired line of the fence, close to the ground
- Measure out all holes, starting with the gate post holes
- Dig post holes along string line 600mm deep x 200mm in diameter
- Posts will sit approximately 500mm into the post holes

## 3 Install Posts

- Ensure post centres are accurate - see below diagram
- Ensure posts are flush and level along stringline then pour concrete around posts up to 50mm above ground level and taper away from the post
- If you are using flanged posts, fix with appropriate concrete or timber fixings
- Tap on Post caps with soft end mallet

## 4 Install Panels

- Attach panels to posts using Panel Brackets & Self Tapping Tek Screws
- 2 Rail panel styles require 4 brackets
- Eumundi panel styles require 6 brackets
- Ensure the bottom of panels are no more than 100mm off the ground at any point
- Recommended height off the ground is 50-80mm

## 5 Install Gate(s)

- Attach hinge & latch components of Gate Kit to **gate** as per instructions
- Attach hinge & latch components of Gate Kit to **posts** as per instructions
- For Pool Fencing compliance the gate opens **away** from the pool area & the latch knob must be 1500mm above ground level

### Care Instructions & Warranty:

Exposure to UV Light, pollution, salt deposits and chemicals can affect the long term performance of the fencing coating if not removed with regular washing.

A gentle monthly clean with a soft brush, warm water and mild detergent followed by a rinse of fresh water will maintain the finish of both powdercoated, Colorbond and stainless steel fencing components and fulfill warranty conditions.
